## **Bradford Rose Award**

The Bradford Rose Award carries the names of two of our most illustrious past presidents. William Bradford, president in 1915-1916, excelled not only in the field of plumbing, but also made a name for himself in the theater of politics, having been elected twice as the Mayor of the City of Quincy. Herbert L. Rose of Cambridge served as president in 1938-1939 and was the founder of the New England *Progress* Magazine. The Bradford-Rose Award recognizes those members who have made sustained contributions to the association and their communities over a period of many years.
