

CONTINUING EDUCATION

Effective March 16, 2020, PHCC of Massachusetts suspended all live continuing education classes due to COVID-19. If you registered for a class that was cancelled, please contact PHCC directly at 781-843-3840 to discuss your options.

We will continue to offer the home-study programs to help you earn your certificate.

AT-HOME-STUDY PROGRAMS

The at-home study course is another method to earning continuing education credits. Simply review the curriculum and successfully complete the exam with a minimum test score of 70%. The at-home study course is available in two separate formats:

1. The Correspondence Program provides hard copy of the book and exam and may be ordered on our website: [Correspondence Program](#)
2. The Online Program is accessed and completed solely on the computer (no hard copies included for the Online Program.) You may order the program on our website: [Online Program](#)
