

PLUMBING BOARD STREAMLINES APPLICATION PROCESS

On October 13, 2015 the Plumbing Board began accepting all applications for examination directly at their office. Applications will no longer be submitted to PSI EXAMS. This is being done in an attempt to streamline the process of taking an exam for a Journeyman, Master or LP Installer license.

Applications will be available soon on the State Board of Examiners website with three options.

1. Filing the complete application online directly into the State Board's system. This process will involve scanning and attaching additional required documentation.
2. Filling out an INTERACTIVE application on your personal computer, printing it out and mailing it in along with the required supporting documentation.
3. Printing out a lined application from State Board's website, filling it out by hand and mailing it in along with the required supporting documentation.
