Certification is Required to Perform Hot Work in Massachusetts

Brad Piesco

Hot Work involves any activity that uses flames or produces sparks and/or excessive heat. Anyone conducting Hot Work in Massachusetts should attend the training and get certified. **Effective July 1, 2018** the State will require certification as a condition to perform Hot Work in all Massachusetts towns.

Created by NFPA, the Hot Work Safety Certification Program consists of a two-hour seminar and one-hour test. The program defines Hot Work and the measures required to safely perform work.

Participants must pre-register. No on-site registration.

Attendees Receive
NFPA Hot Work
Handbook

HOT WORK REGISTRATION FORM

Effective July 1, 2018 Hot Work certification is required to perform work in Massachusetts.
If you conduct Hot Work, attend class and get certified.
