SESSION 12
September 26

BRAINTREE
8:00 a.m. check-in

Something new! Hybrid classes offer you two ways to attend class:

1. **In-Person Classes:** Attend class in our Braintree Training Center (10-person maximum)
2. **Virtual Classes** are a cutting-edge method to earn your CE certificate. If you are unfamiliar with a virtual class, all you have to do is sit by your computer and, of course, pay attention. The PHCC of MA instructor team will engage your participation by encouraging your questions, and leading discussions. Virtual classes include identical curriculum presented earlier this year in our live in-person classes. Licensees who select this continuing education option must have a unique email address not shared with another licensee and access to a computer with video and microphone. Licensees may register [online](http://phccma.org), phccma.org, by selecting the blue Education tab and following the prompts, or contact naneys@phccma.org, 781-843-3840.

**At-Home Study
Programs are also
available**
